

Rubin Co. VSE-1915 Cup Handle

Target Client: Moody Judy Inc.

Product Features

- Acrylic handle fits snugly and ensures a steady grip
- Edgar Rubin's Vase-Face illusion along the handle adds a unique artistic flair
- Handle ridges ensures easy grip surface

Product Description

The Rubin Co. VSE-1915 single-sheet coffee cup handle ensures a steady grip on hot (or cold) beverages, and ameliorates the burns or spills an otherwise grip-less cup is prone to. Never again will your eyes be bored while drinking coffee, as the single-sheet of acrylic is not just cut and formed to create an ergonomic grip, but also to create the face-vase illusion along the handle.
